MARSETTE D. SABBALUCA, CESO VI

Schools Division Superintendent
Division of Sagay City

Dear Madam Sabbaluca,

According to the Department of Agriculture, the average age of the Filipino farmer is nearing 60 years old. An overwhelming majority of the poor are farmers and fisherfolk. This combination of an aging agricultural workforce and rampant poverty and hunger amongst the nation's food producers is a major threat to our country's food security and demands immediate collective action from all sectors of society.

In response to this urgent need, Gawad Kalinga is organizing the **BayanAnihan Summit Series** that seeks to harness the power of young Filipino farmers, fishers, and foresters and connect them to opportunities for productivity. The summit aims to provide a comprehensive platform that will allow young Filipinos in agriculture to connect with opportunities from government, the private sector, and civil society. The key output of the summit is the **BayanAnihan Youth Movement** where summit participants will lead agri-initiatives in their own communities.

The BayanAnihan Summit is a series of 3-day events that will each gather at least 3,000 young people in the provinces of Cavite, Iloilo, and Cagayan de Oro. This summit series is co-organized by leading Filipino agri-institutions SanteH Feeds Corporation and La Filipina Uy Gongco and in partnership with the Department of Agriculture. A more comprehensive description of the summit is attached to this document.

As an important stakeholder in the agriculture sector, we believe that your institution shares similar concerns and goals to strengthen our country's food security and to address the pressing needs of the industry. In light of this, **Gawad Kalinga and Vice Mayor Leo Rafael Cueva** organized an overnight camp at **Jamago Beach Resort, Barangay Old Sagay, Sagay City on July 26-27**. We are writing to invite the students from the various farm schools under your division to attend to the **BayanAnihan Youth Camp – Sagay Edition** to orient them on the BayanAnihan Summit that we will be mounting at West Visayas State University and give them an overview on the BayanAnihan Youth Movement that we will be organizing after the event. We firmly believe that the wicked problems in agriculture can be overcome when individuals and institutions work together towards the shared goals and aspirations.

We truly hope that you are interested in supporting the BayanAnihan Summit and its dreams for the youth and the future of our country. You may reply to this letter through my email address
